

Beautifully Traditional

Burlington®

Classically styled bathrooms

Introduction

From the late 1800's into the 1900's, Britain led the way in bathroom design and performance. Burlington bathrooms bring a complete collection of traditional bathroom products for you to create a classical, British bathroom from eras of great design. Our range is extensive and allows you to create a look and feel to suit your personal choice, safe in the knowledge that these are all designed to co-ordinate together perfectly.

Contents

CERAMICS

There are four eras of history reflected in our designs; Classic, Edwardian, Victorian and Contemporary. Within each of these designs there are sizes to suit your bathroom, shower room or cloakroom. A selection of WCs and bidets are available to match your washbasin selection.

OVERVIEW	2
CLASSIC	8
EDWARDIAN & VICTORIAN	24
CONTEMPORARY & STONE	40
WCS	50
CLOAKROOMS	66

FURNITURE

A range of beautifully traditional furniture solutions to add classic style and sophisticated British elegance to your bathroom. Choose from free-standing, either a square or round design, wall-hung or fully-fitted options.

OVERVIEW	72
FREESTANDING	74
WALL HUNG	86
FITTED	90

BATHS

Our range of baths includes grand free-standing baths, roll top baths and standard baths. Roll top baths have a range of matching feet and the Hampton roll top is even designed to fit into a corner, fitting a modest size bathroom.

OVERVIEW	102
DOUBLE ENDED	104
SINGLE ENDED	118
SHOWERING	126

TAPS & BRASSWARE

Burlington taps and mixers bring classic design packed with innovative technology. There are separate taps, one and three piece basin mixers, an Arch fitting and bath fittings with telephone handsets, each with a choice of handles for up to 324 combination2.

OVERVIEW	132
BASIN & BATH	136
SUNDRY	138

SHOWERING

Shower mixers with modern safe thermostatic control are the way forward for controllable showering, and a period enclosure can complete your bathroom.

Ceramics

There are a great variety of basin options within the Burlington family. Choose from the simply styled Classic basin in either a round or square design, the Edwardian basin with its subtle angular appearance, again in a round or square design, Victorian with a refined look or Contemporary for a minimal and pared back form. Basins can be available in one, two or three tap hole options and can be used on a variety of styled pedestals; either full, regal, semi-pedestal, washstand or even counter-top options.

The Ceramic Range

Yesterday's design with today's advanced technology

Burlington Bathroom design is governed largely by the washbasin style. Every design is crafted to reflect the specific era in which British sanitaryware rose in fame and was heralded as the best in aesthetic and performance. Burlington's key design themes are represented through Classic, Edwardian, Victorian and Contemporary eras. Every basin is crafted to the highest quality and is full of character and style with various choices in style, size and other options to suit your own individual tastes and requirements.

CLASSIC

The Classic collection from Burlington is beautifully formed, either as a curvaceous round design or a grand square model. This collection also features the invisible overflow, and innovative waste technology see p10 for details.

Pages 08-23

CLOAKROOM

A selection of cloakroom options have been crafted so you can match your chosen style throughout the home. You'll find Edwardian, Victorian and more Classic styled cloakroom basins to achieve a consistent and beautiful look throughout every washroom.

Pages 66-71

Pages 24-33

EDWARDIAN

The Edwardian collection is the ultimate in traditional bathrooms with structured corners and angular designs, the feel is un-apologetic and proud.

VICTORIAN

A delicate and refined range, the simplicity of this ceramic basin is stunning. Available in a medium (56cm) or large (61cm) and a range of pedestal and tap hole options, the versatility of this style allows you to continue the style throughout your home and brings an air of luxury to every room.

Pages 34-39

CONTEMPORARY

As the name suggests, the Contemporary collection is styled on the elegance of past times but with a modern day twist. Simplistic, structured lines form the basis for this striking ceramic collection. Available as full pedestal, semi-pedestal or with a chrome washstand.

Regal Sanitaryware

Why We're Making Taller Sanitaryware

At Burlington we've reacted to market demands by creating our Regal range of sanitaryware.

In Europe the height of an average male has increased by approximately 15cm in the past 130 years (with the knee height increasing by an estimated 6cm).

EUROPEAN HEIGHT INCREASES

Here at Burlington we've created a range that's 6cm higher than average sanitaryware.

When using a WC the correct seating position is to have a knee angle of approximately 90°. At 48cm high the Regal WCs enable this.

Higher sanitaryware not only helps taller people but it also helps if you're older: It's far easier getting on and off a loo that's 48cm high than one that's 42cm high. The basin height is higher too; reducing the need to arch your back too much.

CLOSE COUPLED & LOW LEVEL WCs

BACK TO WALL WCs

PEDESTAL OPTIONS ↓

Available with the Classic & Classic Round Basins

Burlington Regal pedestals are 6cm higher than the standard pedestals.

	Standard Height	Regal Height
Classic	86cm	92cm
Victorian classic	84cm	90cm
Edwardian classic	84cm	90cm
Contemporary classic	84cm	90cm

WASHSTAND OPTIONS ↓

Available with the Classic, Edwardian, Victorian and Cloakroom

Burlington Regal washstands are 6cm higher than the standard washstand to ensure a more ergonomic use for taller individuals.

Classic

CERAMICS

Classic Basin with Invisible overflow. See page 20 for more details.

Classic Basin 1TH with Pedestal.

Classic Round 3TH with Regal Pedestal.

The Classic basin collection from Burlington is beautifully formed, either as a grand square design or a curvaceous round model. This collection also features an innovative waste technology. Choose a Classic basin with invisible overflow allowing you to have seamless ceramic without a plug. All Classic basins are available as 1, 2 or 3 tap holes on standard or regal pedestals or a range of washstands and furniture see page 74, 75 & 76 for more details.

CERAMICS

PEDESTAL OPTIONS ↓
Available with the Classic & Classic Round Basins

Burlington Regal pedestals are 6cm higher than the standard pedestal to ensure a more ergonomic use for taller individuals.

CERAMICS

CERAMICS

The Classic round basin has beautiful form with a curvaceous front adding an interesting feature to a simplistic overall appearance. The piece works seamlessly with other classically designed Burlington products such as close-coupled WCs or soft, rounded soaking tubs.

Classic round basin with standard pedestal €462, Claremont 5" basin pillar taps €151, plug & chain basin waste €17, close-coupled WC and cistern with ceramic lever €328 with soft-close mahogany seat €105 (or with chrome handles €116), and ceramic trap €88. Brindley bath and skirt €1053.

See pages 22-23 for technical details on the Classic round basin.

WC FLUSH ←

Design a bathroom to suit your specific needs

View the full range of WCs from page 50 onwards

All Burlington WCs are fitted with box rims, which even though they are harder to manufacture, provide a more accurate flush spread. The cisterns are fitted with dual flush water saving technology.

Pair your beautifully styled Classic round basin with the new round pedestal.
With its elegant form and tasteful detailing, the overall effect is one of refined class.

This page and opposite: Classic round basin with Classic round pedestal €473, Claremont basin 5" pillar taps €151 and plug and chain basin waste €17.

See pages 22-23 for technical details on the Classic round basin.

A grand basin design, the Classic works beautifully in every surrounding to create a vintage inspired bathroom, effortlessly.

Bloomsbury radiator €467 with angled radiator valves €58, Rectangular mirror €233, Classic basin with standard pedestal €526 and Anglesey 3 tap hole basin mixer with pop-up waste €314.

See pages 22-23 for technical details on the Classic basin.

Classic basin 1 tap hole with chrome basin stand €830, Claremont 1 tap hole basin mixer with pop-up waste €239 and traditional basin bottle trap €46.

See pages 22-23 for technical details on the Classic basin.

English Garden

The English garden range sees the Classic style basins brought to life with delicate floral transfers. The new round pedestal is softened with finite moulded detail, exuding class and sophistication.

CERAMICS

CERAMICS

This page top: English garden close-coupled WC with cistern €473 with soft-close seat white €105 and ceramic trap €88 (see page 63). English garden round basin and English garden round pedestal €630 with Claremont 1 tap hole basin mixer with click-clack waste €265.

This page bottom: English garden basin and English garden pedestal €630 with Claremont 1 tap hole basin mixer with central indice and click-clack waste €265.

See page 22 for technical details on the English Garden basins.

CERAMICS

Rectangular mirror €233, Edwardian single elliptical lights €105 each, Classic basin invisible overflow with standard pedestal €526 and invisible overflow waste €163 and bottle trap €46, Claremont 5" basin pillar taps €151, medium-level WC with ceramic cistern lever €560 with soft-close oak seat €105 (or with chrome handles €116) and ceramic trap €88.

CERAMICS

Bloomsbury radiator €467 with angled radiator valves €58, Rectangular mirror €233, Classic basin invisible overflow with standard pedestal €526, Claremont 5" basin pillar taps €151 and invisible overflow waste €163.

See pages 22-23 for technical details on the Classic basin.

Invisible Overflow

On all sanitaryware
See website for details

The benefit of invisible overflow is that the ceramic of the beautiful basins is un-interrupted with no requirement for a plug or external waste. Simply pull the lever up to drain water. Pair with the elegant and beautiful Arch basin mixer allowing you to mix hot and cold water.

Classic basin invisible overflow & waste

Edwardian

CERAMICS

Edwardian 61cm basin with standard pedestal €229
and Claremont 3 tap hole basin mixer with pop-up waste €315.
See pages 30-33 for technical details on the Edwardian basins collection.

56cm Edwardian 1TH Basin & Washstand.

The Edwardian collection is the ultimate in traditional bathrooms with structured upstands and angular designs, the feel is un-apologetic and proud. Edwardian basins come in a range of sizes from the Standard 56cm to the Large 61cm and now with the exciting addition of a Grand 80cm basin which will provide an eye catching centrepiece to your period styled bathroom. All are available in one, two or three taphole options and all can be used on the standard pedestal, the Regal pedestal, the semi-pedestal or on a washstand.

There is also a 56cm Edwardian round basin available with one or two tapholes, also suitable for all the pedestal and washstand options. With the strong personality of the upstand back, this basin is true traditional design at its very best.

61cm Edwardian 1TH Basin with Semi-pedestal & Towel Rail.

56cm Edwardian Round 1TH Basin & Regal Pedestal.

56cm Edwardian Round 1TH Basin & Wash Stand

CERAMICS

Edwardian 80cm basin with basin stand €830, Claremont 3 tap hole basin mixer with pop-up waste €315, flat bottomed basin bottle trap €99 and curved mirror €268.

See pages 30-33 for technical details on the Edwardian basin.

Edwardian 80cm basin with standard pedestal €467 and Claremont 3 tap hole basin mixer with pop-up waste €315.

The Edwardian basin is available in a range of sizes and options. Pair with a semi-pedestal combined with a towel rail for the illusion of increased space in smaller bathrooms. The towel rails are available to add to any basin, adding extra functionality.

Edwardian Rectangular Basin

Edwardian 61cm basin with semi-pedestal and towel rail €323, Claremont 1 tap hole basin mixer with click-clack waste €265. Low-level WC slimline cistern with front flush button €456, soft-close oak seat €105 (with chrome handles €116), ceramic trap €88 and WC toilet roll holder €70.

See pages 30-33 for technical details on the Edwardian basin.

WCs

Burlington WCs come in a range of options, from the more contemporary wall-hung or back-to-wall options, to traditional close-coupled or the impressive low, medium or high-level WCs. All options feature water saving technology, only flushing 6L for a full flush or 3L for a half. These factory settings can be adjusted to 4 ½ L for a full flush or 2 ½L for a half flush. Pair your WC with a real wood seat to accentuate the classic styling. Unlike many other traditional brands, Burlington offer soft-close options on white, oak and mahogany seats. Or for a premium look, select the throne seat with intricate and ornate brackets, which provide a focal point in your stunning vintage bathroom.

25 YEAR GUARANTEE
ON ALL OUR
SANITARYWARE

See website for details

WC OPTIONS

Select a range of alternative cistern and seat options and colours to tailor your WC to your own tastes

For all options visit www.burlingtonbathrooms.com

Close-coupled, low-level and medium-level WCs are available with either a ceramic lever flush, or a more contemporary front flush button. All WCs with a cistern are also available in standard 51cm or slimline 44cm cisterns to add greater flexibility to the placement of your WC. Cisterns come in a range of colours and styles too, from deep mahogany for low-level, to simple white ceramic or for high-level, aluminium in white, black or polished effect.

Wall-hung Back-to-wall Close-coupled Low-level Medium-level High-level

nanoGLAZE
ceramic that stays cleaner

A cleaner toilet, by design and with NANO Glaze

We believe that the toilet bowl should still remain as clean as possible even with reduced flushing water and therefore engineer our toilet bowls to maintain the correct water area as previous British Standards and by coating the toilet bowl with NANO Glaze to make them exceptionally easy to keep clean.

Close Coupled

The most traditional of the WC's, with a narrow width range for those smaller cloakrooms.

CERAMICS

The Edwardian cloakroom range is the perfect addition to small bathrooms where other Edwardian pieces are used throughout the home, giving a cohesive and seamless look and feel. The basin is available as a wall-mounted option, with the addition of a towel rail, or with a chrome washstand.

See page 54 for more Close Coupled WC options

CERAMICS

Edwardian cloakroom basin €170, Claremont 3" pillar taps €140, traditional basin bottle trap €46 and Towel ring €43.

Close-coupled WC with slimline push button cistern €356, soft-close mahogany seat €105 (with chrome handles €116).

All Burlington WC fittings are factory set at 3L and 6L flush. They can be adjusted on site to flush at 2 1/2L and 4 1/2L.

All Burlington Close-coupled WCs are supplied with dual flush WRAS fittings.

...on all sanitaryware
See website for details

REGAL WCs

Regal WC pans are 6cm higher than the standard option. The taller WC pan ensures the knee angle remains at approximately 90 degrees whilst in use. This provides a more comfortable use for taller people and the elderly but also transforms your bathroom into both a beautiful and functional space.

Regal WCs are available with all Burlington WCs except English Garden and Concealed Bottom Outlet

LEVER OR PUSH BUTTON CISTERN

Available with all Burlington Close-coupled, Low & Mid level WCs

Choose between the classic ceramic flush lever or the more contemporary flush front button.

Lever

HIGH-LEVEL WCS ↓
Design a bathroom to suit your specific needs

View the full range of WCs on pages 113

The angled high-level WC is a great option for those wanting to achieve the wow factor achieved with this type of WC, but needing to work around windows or within awkwardly shaped bathrooms. All high-level WCs are also supplied with a rigid pull rod to enable water saving; pull down for a full flush of 6 litres, or push up for a half flush of 3 litres. This can also be adjusted to 4.5 litres and 2.5 litres if required. Also available is a single flush chain and ceramic pull.

Toilet roll holder €70, High-level WC with white ceramic cistern and angled extension pipes €801 with mahogany soft-close seat €105 (with chrome handles €116).

See page 62 for technical details on high-level WCs.

Match your exquisite Victorian basin with luxurious fittings and intricate detail with Burlington accessories and a high-level WC with ornate brackets, giving the extra wow factor to your period bathroom.

Victorian 61cm 2 tap hole basin and pedestal €229 with Claremont 5" pillar taps €151, plug and chain waste €17, rectangular mirror €233 and soap dish €41, Berkeley radiator (just seen) €350, Burlington round light with chrome base and chiffon silver shade €205. High-level WC white ceramic cistern €625 with oak throne seat €304. Harewood slipper bath with white arc feet €912 and Claremont deck-mounted angled bath shower mixer with 'S' adjuster €603 and Fire Hydrant waste €1168.

See page 39 for technical details on the Victorian basin.

Furniture

Introducing the latest in furniture innovation from Burlington. A range of beautifully traditional furniture solutions to add classic style and sophisticated British elegance to your bathroom.

Choose from free-standing in either a square or curved design, wall-hung or fully-fitted options to tailor make the most functional use of space to suit your individual needs. A new range of baths each with panels or surrounds in corresponding colours, transform your entire bathroom into a space of peace and tranquillity with a subtle, traditionally British feel.

Each piece is packed full of innovative detailing such as soft close doors and drawers, internal lighting and wide opening spaces for maximum storage capacity.

65 Freestanding

The 65 free-standing furniture with your choice of basin is the perfect solution for those needing to save space but still require storage solutions for their bathroom. With a width of just 65cm, this stylish piece combines beautiful ceramic or integrated basins atop units with either drawers or doors so you can tailor your bathroom to your preferred style.

Sand Freestanding 65 Vanity Unit with doors €702, 65cm Classic basin for integrated waste & overflow with two tapholes €409, Birkenhead Basin taps 5" €151, Basin Plug and Chain €17, 60cm Mirror without LED in Sand €233

See pages 76-77 for technical details.

FURNITURE

FURNITURE

Ergonomic comfort – Each of the Burlington free-standing furniture pieces are set to a height of 85cm to avoid over stretching or bending to wash your hands, making them exceptionally comfortable to use.

Above left; Sand Freestanding 65 Vanity Unit with doors €702, 65cm Classic basin for integrated waste & overflow with two tapholes €409, Claremont two taphole Arch mixer €339, Classic basin invisible overflow & waste €163, 60cm Mirror without LED in Sand €233.

Above; Dark Olive Freestanding 65 Vanity Unit with doors €702, 67cm x 55cm Minerva Carrara White with integrated basin with one taphole €701, Claremont basin mixer with high central indice with click-clack waste €265, 60cm LED Mirror in Dark Olive €467.

Left; Matt White Freestanding 65 Vanity Unit with 2 drawers €702, 67cm x 55cm Minerva Black Granite with integrated basin with three tapholes €701, Claremont three taphole basin mixer with pop up waste €315, 50cm x 70cm Rectangular Mirror €233.

MINERVA CARE KIT

To restore your Minerva work top to its original best use the Care Kit to buff out all tiny scratches and scuffs. The kit contains all the sanding / buffing materials and liquids required.

BCARE €59

HDP

The plinths of the free-standing furniture are crafted from HDP Polymer - a waterproof base providing extra protection and giving peace of mind that wet floors will not lead to damage.

INFORMATION

Dimensions & Technical Drawings: Dimensional drawings and technical details are shown at burlingtonbathrooms.com/furniture

3 COLOURS
Sand, Matt White & Dark Olive

Tap holes: Minerva® worktops are supplied with an integrated bowl with overflow, and no tap holes. Tap holes are drilled by the installer in the required position and configuration. A template is provided with the Minerva® tops indicating tap hole positions and sizes.

Solid craftsmanship – All free-standing furniture pieces are supplied fully assembled for ease of installation. A combination of MDF and water-proof, PVC coated chipboard plinths ensure a rigid construction and means they'll continue to look their best for years to come.

Sand 130 Freestanding Vanity Unit with Drawers €1989, 130cm x 55cm
Minerva Black Granite with two integrated basins with one taphole €1169, Chelsea Straight Basin Mixers with pop up (two required) €233 each, 90cm Sand Mirror without LED €327.

HDP

The plinths of the free-standing furniture are crafted from HDP Polymer - a waterproof base providing extra protection and giving peace of mind that wet floors will not lead to damage.

130 Freestanding

Why not select the double basin option for a traditionally British feel. Choose from three exclusive Minerva® worktop colours available in either pristine White, opulent Black Granite, or luxurious Carrara White, each with a generous sized double basin bowl of 38x31cm. Each of the Burlington furniture pieces are equipped with soft-close door hinges and drawer runners for that extra feeling of indulgence in your bathroom. Select either the four drawer or double doors option to match your storage requirements.

Matt White 1300 Freestanding Vanity Unit with Doors €1404, 130cm x 55cm
Minerva Carrara White with two integrated basins with one taphole €1169, Kensington Basin Mixer with click clack waste (two required) €265 each, Matt White 90cm LED Mirror €584.

WHY MINERVA®?
Design a bathroom to suit your specific needs

Minerva® worktops offer superior strength with a beautiful finish. You can even install a surface mounted soap dispenser. See page 188.

ROUTINE CLEANING

Minerva® does not require any specialist cleaning regimes, most dirt and light residue will easily wipe off with a damp cloth and soapy water. The work surface should then be rinsed with clean water and wiped dry. Persistent marks can be removed by using a mild abrasive cleaner, but harsh scouring powders should be avoided.

134 / 100 Curved

Our free-standing round design cabinets feature open wide doors for easy access to ample storage space. Perfect for hiding away everyday bathroom necessities and keeping worktops free from clutter. This striking piece is available either as a centrepiece or as left and right handed options for perfect placement against a wall or into a corner.

STAINING

Minerva®, unlike marble and granite, is not porous and will resist most household chemicals including alcohol and cosmetics, however, some chemicals and strong dyes can cause damage and discolouration. If spillage occurs, wipe off immediately and rinse the area thoroughly.

London Baths

Burlington Bathrooms now offer a new range of baths each with panels or surrounds in corresponding colours to your furniture, transforming your entire bathroom into a space of peace and tranquillity with a subtle, traditionally British feel.

HDP

The plinths of the free-standing furniture are crafted from HDP Polymer - a waterproof base providing extra protection and giving peace of mind that wet floors will not lead to damage.

London bath with curved surround including overflow & waste in matt white
L: 180, W: 85, H: 60
E22z* **€2105**

London bath is supplied with overflow and fitted waste. No tap holes possible on bath rim.

London back-to-wall bath with curved surround including overflow & waste in matt white
L: 180, W: 95, H: 60
E23z* **€2105**

London bath is supplied with overflow and fitted waste. Supplied with no tap holes, but these can be drilled into the furniture surround where appropriate.

3 COLOURS

Sand, Matt White & Dark Olive

*To order the correct furniture colour simply remove the 'z' from the product code and replace it with:

R37 **£29**

Bathscreens

You can create a shower over Arundel baths, with or without an access panel within the screen.

If combining a bathscreen and bath grips ask your local specialist about the positioning of the grips.

For bathscreens that can be used with Arundel baths see page 128

3 COLOURS

Sand, Matt White & Dark Olive

To order simply replace the 'z' at the end of the product code with S for Sand (ie E25ES), O for Dark Olive (ie E25EO) or W for Matt White (ie E25EW)

Minerva® Worktops

Minerva® worktops are available from stock in either pristine Minerva® White, elegant Minerva® Carrara White or opulent Minerva® Black Granite.

You can choose from our other 9 unique décor options, available to order with longer custom delivery times for the ultimate personalised look, ask your local specialist Burlington dealer.

Minor Scratching

Scratches to the work surface will be more evident on darker colours. Any minor scratches can be removed using a woven abrasive pad and other items in the care kit.

Staining

Minerva®, unlike marble and granite, is not porous and will resist most household chemicals including alcohol and cosmetics, however, some chemicals and strong dyes can cause damage and discolouration. If spillage occurs, wipe off immediately and rinse the area thoroughly.

Routine Cleaning

Minerva® does not require any specialist cleaning regimes, most dirt and light residue will easily wipe off with a damp cloth and soapy water. The work surface should then be rinsed with clean water and wiped dry. Persistent marks can be removed by using a mild abrasive cleaner, but harsh scouring powders should be avoided.

Minerva® Care Kit

To restore your Minerva® worktop to its original best use the Care Kit to buff out all tiny scratches and scuffs. The kit contains all the sanding / buffing materials and liquids required.

Paint Your Own

Should you wish, our Matt White furniture is supplied ready for you to paint, so you can transform your entire bathroom to your individual colour scheme. We've chosen some Farrow & Ball colours as suggestions displayed below. We recommend using a water based primer before an egg shell emulsion for the best effect.

Bathing

The Burlington range of free-standing baths offers beautifully crafted exclusivity in a variety of styles to suit both modern and traditional spaces. Choose from soaking tubs, exclusive traditional baths with a range of feet in six styles and three colours to personalise your bath to your individual tastes and bathroom décor. All the baths are made using the highest quality techniques and processes to ensure the finished product will provide many years of blissful bathing. There are three exceptional Natural Stone baths for that extra piece of luxury in your bathroom. For the ultimate in vintage bathroom design, select the unique Fire Hydrant waste system. See page 148 for more information. Whichever bath from our extensive range you choose, you are assured of the finest quality.

Blandford bath with luxury chrome claw feet €2335 and Claremont deck-mounted bath shower mixer €603, Decorative shrouds €268, and exposed chrome waste and overflow €151, P-trap €47 and P-trap connection pipe €116.

See page 116 for technical details on the Blandford bath.

BLANDFORD *Natural Stone* Divine roll top bath with adjustable legs, you can fine-tune your beautiful bath to your individual taste. Pair with centrally deck-mounted taps for a truly relaxing bathe without brassware to obstruct you.

For feet options see pages 130.

CHANDLER *Natural Stone* The sloping curves and rolled edges of this outstanding traditional bath make this product a true focal point in any bathroom. Customise with adjustable legs in a range of styles and colours.

Chandler bath with standard period chrome feet €2206 and Claremont deck-mounted bath shower mixer €603, decorative shrouds €268, and exposed chrome waste and overflow €151, P-trap €47 and P-trap connection pipe €116.
See page 116 for technical details on the Chandler bath.

WINDSOR The Windsor bath is a gorgeous example of a traditional roll top bath with perfectly formed curved and flowing lines. Being double-ended with gradually sloping sides it allows for luxurious bathing. Windsor baths are available in 150cm and 170cm.

For feet options see page 130.

Windsor 170cm bath with luxury chrome claw feet €912 and Claremont deck-mounted angled bath shower mixer €603, decorative shrouds €268, exposed chrome waste and overflow €151, P-trap €47 and P-trap connection pipe €116.

See page 116 for technical details on the Windsor bath.

BRINDLEY This graceful tub is an elegant addition to any bathroom and provides the perfect excuse for a leisurely soak. Its smooth curves, paired with traditional brassware for subtle style, will enhance any setting.

Brindley soaking tub and skirt €1052 with Clarendon floor-standing bath shower mixer €977, plug and chain waste €75.

See page 117 for technical details on the Brindley bath.

LONDON RECTANGULAR Make a statement with the London Rectangular, shown here primed and painted in silver to create the perfect centrepiece to a stunning bathroom. Its grand structure allows for generous internal capacity, allowing for comfort as well as style.

London rectangular soaking tub €1638 with Claremont floor-standing bath shower mixer €977. See page 117 for technical details on the London rectangular bath.

* The London Rectangular bath comes in a white finish, as show opposite. The exterior can be primed and painted. The photograph shows the bath painted in Craig & Rose paint in Sensual Silver. If you wish to paint yours then please note this is only possible on TSFR baths (not Natural Stone), you should seek advice from the paint manufacturer for suitable primers and process.

LONDON ROUND The double-ended London Round has a simple purity of form that will enhance any style of décor in your home. Shown here paired with traditional brassware for a timeless aesthetic.

London round soaking tub €1638 with Claremont floor-standing bath shower mixer €977.

See page 117 for technical details on the London round bath.

ADMIRAL 180 & 165 This stunning, dramatic bath will provide a gorgeous centrepiece in any bathroom. Its grand appearance and imposing structure deserves to be the centre of attention. The Admiral bath also comes in two sizes, a 180cm length and a 165cm for reduced space.

Admiral 180cm bath €2105 with Birkenhead floor-standing bath shower mixer €977 and exposed chrome waste and overflow €151.

See page 117 for technical details on the Admiral bath.

BATH FEET

Available with all Burlington roll top baths

Many Burlington baths have the flexibility for adjustable feet, meaning you can customise your beautiful bath with a range of styles and colours as shown to the left. Each of these come in Chrome, Black or White.

Brassware

The Brassware is packed full of innovative technology, not seen amongst other traditional competitors. Every Burlington tap is supplied with a flow straightener for areas with low water pressure and an aerator for areas with high water pressure. This, unlike most traditional taps, ensures your water is delivered at 13 litres per minute regardless of incoming water pressure. So you no longer have to cope with water splashing everywhere, the flow from a Burlington tap is perfect every time.

All bath fillers and bath shower mixers have rotating spouts so you can move the brassware out of the way to enjoy a relaxing bathe. Every bath shower mixer also comes with an 'S' Adjuster, allowing you to position the handset over the bath. You can install your bath shower mixer with or without this feature. All are also available as an angled option, so you see the indices when you walk into the room. Bridge basin mixer spouts also swivel to allow you to turn your tap into a drinking fountain.

TAPS & BRASSWARE

Classic Basin with Invisible overflow. See page 20 for more details.

TAPS & BRASSWARE

Burlington Taps

Water saving is becoming part of our lives.

Burlington is the first British Traditional Designed range available that enables water savings! The clever part in the taps is called an aerator. We believe that the finest manufacturer of aerators is the Swiss manufacturer called Neoperl. So we only use Neoperl.

In the UK some homes have low water pressure and some have high water pressure. We supply every tap with two Neoperl devices: A flow straightener which is for use with low water pressures and an aerator which is for use with high water pressures, so you can set up your tap correctly every time!

Our taps are designed to deliver the following maximum flows of water, regardless of the incoming water pressure:

- Basin taps 13 litres per minute
- Bath tap 14 litres per minute
- Bath shower mixer 22 litres per minute

So you can have fabulous performance whilst limiting the damage to our planet.

NORMAL SPOUT

The underside of a bath spout of a normal, traditional bath tap.

BURLINGTON SPOUT

The underside of a Burlington bath tap with a Neoperl aerator.

NORMAL TAP

Water flow in a normal traditional tap

LOW PRESSURE

HIGH PRESSURE

High pressure water flow with a Burlington tap using an aerator

SWIVELLING SPOUTS

All our Bath Fillers and Bath Shower Mixer spouts swivel - so you don't have the spout in your way when you shower (and if two of you bathe together the unlucky one doesn't have a spout sticking in their back!!)

ANGLED MIXERS

All our Bath Fillers and Bath Shower Mixers are available in an "angled" version. Now you can see your bath taps at the correct angle when you walk into your bathroom!

'S' ADJUSTERS

Every Bath Shower Mixer comes with our "S Adjuster". This means you can position the telephone handset over the bath - so when you are done it drips into the bath! You can swivel the "S Adjuster" parallel to the wall too! You can install your Bath Shower Mixer with or without the "S Adjuster".

BRIDGE MIXERS

Our Bridge Basin Mixer allows you to have mixed hot & cold water, whilst using a two taphole configuration. The spout swivels too...

- Straight down
- 90° left or right
- Straight up

- Normal basin mixer
- Off
- Drinking fountain!

Traditional screw-down

Quarter turn

VALVE OPTIONS

All Burlington taps are available with traditional screw-down valves or with quarter-turn valves. The taps work with both low and high pressure. See "technical PDF" for each tap on our website for specific flow rates.

Claremont Deck Mounted Bath Shower Mixer with Handset "S" adjuster.

Burlington Taps

Eight Ranges

CLAREMONT TAPS

A classic favorite from Burlington. This simple range of tap heads suits all basin, bath and bidet taps in the Burlington range. Pair with a deck mounted bath shower mixer for classical styling.

CLAREMONT REGENT TAPS

If looking for a little extra when choosing your brassware, opt for the regent range. A shapely stylish base suitable for all one, two and three tap hole taps excluding Chelsea and Stafford.

ANGLESEY TAPS

Pair the Anglesey tap head range with our Burlington contemporary range of basins.

ANGLESEY REGENT TAPS

The Anglesey is also available with the regent tap base to offer extra height to your tap. Pair with any of the Burlington basins.

BIRKENHEAD TAPS

The Birkenhead taps work well with any of our basins or baths and look particularly beautiful on our range of classic baths.

BIRKENHEAD REGENT TAPS

Also available with the regent option in the Birkenhead tap head. For something striking in your bathroom, this is the perfect choice.

KENSINGTON TAPS

Burlington's Kensington range of tap heads offers opulence and sophistication. Taking inspiration from a bygone era the Kensington brings a traditional style with modern technology.

KENSINGTON REGENT TAPS

Add the regent base to this tap style for an extravagant appearance - particularly suited to the Edwardian basins.

ORDERING YOUR TAPS

When ordering your taps add the correct code to the start of the tap code

Anglesey add AN
Claremont add CL
Birkenhead add BI
Kensington add KE

QUARTER turn

All our taps (except Kensington) come with the traditional screw down valves as standard.

For 'Quarter Turn' simply add 'QT' to the product code.

Fire Hydrant for the ultimate traditional look

Traditional Fire Hydrant
Single ended baths. Supplied
with extension and P-trap waste
& extension
D: 80, W: 12, H: 70
W8N **€1168**

a. Extension*
*Allows the waste pipe to be
fitted up to 95cm away from the
centre of the bath waste hole.

b. Waste & P-trap Extension*
*Allows the waste pipe to be
situated up to 50cm away from
the waste.

Technology

Named Fire Hydrant due to its classic design, this is a very distinctive waste system that operates from the plug hole. Water fills the hydrant which incorporates a built in overflow and plug system, simply lift the handle to empty your bath. This waste system adds a level of opulence to your bathroom. Shown on page 80 on the Buckingham bath.

The waste pipe in our 'Fire Hydrant' is designed so that you can change the angles to fit into your waste in the floor.

Fire Hydrants can be used in a free-standing position.

Full bath using overflow

View more information about Fire Hydrant opposite or visit
www.burlingtonbathrooms.com

Burlington incorporates a distinctive free-standing waste system that operates from the plug hole. The Fire Hydrant is an elegant option for all baths with no pre-drilled overflow hole. Water fills the hydrant which incorporates a built in overflow and plug system, simply lift the handle to empty your bath. This innovative waste system with beautiful traditional handles adds a level of opulence to your bathroom.

Showers

The Burlington range of showers provides extensive options so you can create a showering solution for your own bespoke setting. Whether you prefer showering over a bath or in an enclosure, Burlington has a solution for your own requirements. Thermostatic valves offer safe and controllable showering for the entire family. Shower valves and brassware features polished chrome, enhanced by timeless white ceramic, to both look fantastic and be ergonomic to use. Designed using the highest quality materials to achieve yesterday's designs with today's technology, you are ensured a great showering experience.

See pages 158-167 for the full showering range

See pages 168-175 for the full shower enclosure range.

SHOWERING

SHOWERING

Anti-limescale

You can rub off limescale in an instant
 With Burlington's EasyClean technology you can easily remove limescale.
 Simply rub your fingers over the silicon nipples - and the limescale is removed.
 The nipples also help direct the water in the correct direction, not sideways!
 This results in a clean showerhead, delivering the experience it is designed to do... for years to come.

10 year guarantee

See www.burlingtonbathrooms.com/Home/Guarantee

Water label

The European Water Label (EWL) is a voluntary system by European Manufacturers supported by Burlington and 80 other major brands. The EWL's online database and product labels ensure transparency by clearly marking the water consumption of bathroom products.

One-way-water

All our shower valves have non-return valves built in. A non-return valve is a type of valve that allows the water to flow in one direction but closes automatically to prevent flow in the opposite direction (backflow). Preventing this backflow is important because: it can diminish process heating efficiency; prevents possible siphonage of contaminated water back into the potable water supply; can prevent water hammer (the noise of water in your pipes) and they protect your shower cartridge and thermostat.

AirBurst

More power, less water... Water saving without ruining your shower!

All our fixed shower heads have AirBurst built in

Air is forced into the water flow through a hole in the under-surface of the shower head. Water and air mix, this mixture spins around causing turbulence which increases the pressure inside the shower head. The water passes out of the shower head with the power of a traditional shower - so you do not feel any difference... except you can save up the 33% of water (and save up to 33% in energy costs to heat your shower water!)

Thermostatic safety

Vernet is the world leader in thermostatic shower components, and provide the best possible temperature and safety measures available. The quality materials in the capsule minimise any potential limescale effects on working parts - enabling extended lifetimes of performance. Burlington uses Vernet wax capsules across its range - this means that the temperature of your shower will not vary by more than +/- 1°C - even if someone flushes a WC whilst you are showering!

Ceramic disc technology

Extremes of temperature, the stresses caused by hard water (water rich in lime) and the corrosion caused by chlorine means the ceramic disc and thermostatic cartridges are under daily attack. They are also the most hard working items in the bathroom.

Ceramic discs are harder than diamonds - The hardest material known to man!

Burlington is developing disc valves in Germany and is standardising this technology across its range.

Larger bore shower hoses

All our shower hoses are 11mm bore vs. the standard 8mm bore (the 'bore' is the hollow part inside the shower hose tube).

This allows for an increased water flow (a minimum of 33% more water) - especially important in low water pressure environments.

11mm bore

8mm bore

Radiators

Burlington radiators offer a broad range of various styles. There are options here to complement your traditional bathroom beautifully. All Burlington radiators except the Strand, are designed to work with the extra fitting of an electric summer heating kit, allowing you to have warm towels all year round.

See pages 178-179 for the full range of radiators

Electric Summer Heating Kits

All our radiators except R11CHR have been designed to allow for the fitting of an electric summer heating kit. This means that you can have warm towel rails all year round! Our radiators contain steel and are therefore only suitable for hot water (closed) central heating systems.

During electric heating use the valves must be left open so the radiator is full of water to ensure correct performance.

All Electric heating kits are rated IP44.

Chaplin	320	372	408	1392

All radiator outputs are tested to EN442

Mirrors & Lights

The perfect addition to your bathroom, Burlington mirrors add intricate detail and increase the period feel of your bathroom. Choose between the simplistic and pared back rectangular or arched mirrors, or the detailed and beautiful Georgian style mirrors available in polished black or white aluminium. In addition to the classic Edwardian lights either in round or elliptical style, Burlington have increased their range of lighting options, giving you various possibilities. Choose your base style in beautiful chrome and compliment with a fabric shade or a glass cup. These pieces are sure to give that extra finishing touch to your vintage look.

See pages 182-185 for the full range of mirrors and lights

Mirrors

Polished aluminium frame mirror
D: 4, W: 55, H: 75
T37 ALU €350

Black aluminium frame mirror
D: 4, W: 55, H: 75
T47 BLA €350

White aluminium frame mirror
D: 4, W: 55, H: 75
T42 WHI €350

Arched mirror
D: 3, W: 50, H: 70
A9 €233

Rectangular mirror
D: 3, W: 50, H: 70
A11 €233

Curved mirror
D: 3, W: 70, H: 70
A38 €268

All mirrors are sealed with Gunther Seal-Kwik. This ensures that the mirrors aren't affected by 'black-edge' - the oxidisation of the mirrors edge that occurs in moist environments.

For mirrors that match Burlington furniture see page 95

Accessories Information

All accessories are plated with 12-15µm nickel and 0.3-0.4µm chrome. This compares to industry norms of 5-7µm nickel and 0.15-0.25µm chrome. This results in a deeper and more durable chrome finish.

All accessories are supplied with extra chrome plated domed head screws.

All accessories have 'screw-through' (patent pending) design to ensure no lateral movement.
